

Tioopo Capital Acquires Majority Stake in Tecniq, Partnering with Founders

London, March 13, 2025 – Tioopo Capital is pleased to announce the acquisition of a majority stake in Tecniq, a leading British company specializing in design, engineering, and manufacturing for the ultra-high end automotive sector.

Renowned for its contributions to some of the world's most exclusive vehicle programs, Tecniq pairs cutting-edge technical expertise with exceptional craftsmanship playing a pivotal role in the luxury automotive industry's most prestigious brands. This deal marks the second investment of TP1, Tioopo's inaugural fund.

"We are glad to partner with Tioopo Capital in this exciting new chapter for Tecniq. This collaboration strengthens our reputation as a trusted partner to luxury automotive marques and positions us to expand our offerings, and drive innovation. With Tioopo's resources and network, we are committed to delivering world-class products while reaffirming our dedication to quality and excellence." said Nigel Lempriere and Tony Smith, Co-Founders of Tecniq.

"We are excited to invest in a fantastic business, but even more so to partner with the visionaries behind it, Nigel and Tony. Through this journey, we've built a strong partnership, and we're confident that together, we will drive growth, transformation, and take the business to new heights." said Shahan Sarkissian, Co-Founder of Tioopo Capital.

With Tioopo Capital's support, TECNIQ is poised to strengthen its client relationships, expand its international footprint, and further cement its leadership in the ultra-premium automotive market. By leveraging its existing partnerships, TECNIQ aims to elevate its service and quality standards to exceed the expectations of its esteemed clientele.

About Tioopo Capital: Founded in 2021 by Cyril Aboujaoude, Grégoire Louisy, and Shahan Sarkissian, Tioopo Capital is a Private Equity firm with a unique multi-family backing. The firm specializes in acquiring highly profitable small and medium-sized enterprises in France and the UK, focusing on niche markets where expertise thrives, with a hands-on operational support approach to drive growth and strategic development.
